Summary

B.Tech Information Technology graduate and Java Full Stack Developer with strong expertise in Java, Spring Boot, RESTful APIs. Experienced in building scalable backend systems and responsive web interfaces using Spring Boot, MySQL, React, and modern web technologies. Skilled in Data Structures, OOP, and Agile development practices, with hands-on experience in API integration, database design, and cloud fundamentals. Seeking an entry-level Software / Full Stack Developer role to build reliable and scalable applications.

Work Experience

Virtual Software Engineering Experience (Forage)

JPMorgan Chase & Co. Oct 2025

- Developed the Midas Core microservice using Java 17, Spring Boot, and JPA/Hibernate to process and persist financial transactions.
- Built REST API integrations and implemented Apache Kafka–based asynchronous messaging to support scalable transaction processing.
- Integrated an external Incentives API for automated reward calculations while following Agile practices, debugging, and unit testing to ensure reliable code.

Projects

Student Management System | Java, Spring Boot, React, MySQL

GitHub: https://github.com/sushmitha-katika-dev/student-management-system March 2026

- Developed a full-stack web application to manage student records using Spring Boot and React.
- Built RESTful APIs to perform CRUD operations for adding, viewing, updating, and deleting student data.
- Implemented backend services using Spring Boot with JPA/Hibernate for efficient database interaction.
- Designed a responsive React frontend and integrated APIs using Axios for seamless client–server communication.
- Managed data persistence using MySQL relational database.
- Implemented form validation and error handling to ensure accurate student data management.

Skills

Programming Languages
Java (J2EE), Python, SQL, C

Backend Technologies
Spring Boot, Spring MVC, Hibernate/JPA, RESTful APIs

Databases
MySQL, MongoDB, H2 Database

Frontend Technologies
HTML5, CSS3, Bootstrap, JavaScript, TypeScript, React

Tools, Testing & Cloud
Git, GitHub, Maven, Postman, JUnit, Docker, Apache Kafka, Microsoft Azure

Core Concepts
Data Structures & Algorithms, Object-Oriented Programming (OOP), SDLC

Education

Bachelor of Technology in Information Technology **CGPA:** 8.68/10
Anurag University, Hyderabad Graduated: 2025

Certifications

- Wipro TalentNext – Java Full Stack Development
- Microsoft Azure Fundamentals
- AICTE Data Science Internship
- HackerRank SQL (Basic)
